I'm not sure how much  
Rob's suggestions overlap with what's going on with the data  
protection breach. [REDACTED]

Do you  
have a sense of the likely outcome of the data protection  
investigation?

Hi Helen

Thinking about the meeting - think it may be worth bringing another governor with you. May be easier to then relay the message back to full governing body?

I'm not sure, just trying to get everyone together...so hard as everyone is so busy!

Will email out again and ask for dates when people free next week and work round that

Hi all

As you can imagine, trying to sort a meeting with everyone there is proving difficult.

I am wondering whether to go ahead with a meeting on Tuesday with those that can make it, then follow up with a second meeting.

If we go for 3.30 on Tuesday, who could make it? I've just spoken to [REDACTED] can't make that time, but is asking whether a colleague can. [REDACTED] is happy to be kept in the loop and work with [REDACTED] and [REDACTED] on moving this situation forward.

[REDACTED] I understand you can't make Tuesday. Is there someone in the legal department who can? We really need legal support on this matter.

When you reply letting me know about Tuesday, could you also let me know days / times you could be available this week in case I need to move it to another day.

Thanks

Debs

Hi Debs

I can do tomorrow at 3.30. I haven't checked if any other governors can be involved but am happy to do this on my own and present recommendations to the governors afterwards.

This week I can't do Friday and would struggle with Thursday morning.

Thanks  
Helen

It could be actually.

Would you see what [REDACTED] thinks and we can arrange for new year
