

REGISTER OF HIGHWAYS MAINTAINABLE AT THE PUBLIC EXPENSE

Section 36(6) Highway Act 1980 requires the highway authority to make available a list of highways maintainable at the public expense. This publication lists roads only and does not include independent footways, cycle tracks, footpaths, bridleways or byways.

Whilst the purpose of the Register is to list all maintainable highways, the publication also incorporates details of other ways in respect of which the highway authority has no maintenance obligation. For the purpose of the list, such ways are described as follows:

- private street where the way is considered to be a highway i.e. a way over which the public have rights of passage with or without vehicles

- private road where the way is not considered to be a highway i.e. there are no known or recognised public rights

The list is not exhaustive and includes those ways that have come to notice of the highway authority.

The column headed 'GIVEN' indicates by way of a * roads for which there is no officially designated road name. The county council have named all roads with the names against the * being unofficial given names.
